## ACCOMMODATION

The location of this homestead is second to none, offering true peace and seclusion with elevated views over one of the most spectacular lakes in New Zealand. The house is hand crafted, and it's spacious design and positioning allows the full magnitude of the views of the surrounding mountains and lakes to be savoured.

The bedrooms are spacious and luxurious. The upstairs bedroom in the main homestead has its own ensuite, walk in robe and ensuite. The two downstairs bedrooms share an ensuite bathroom and both rooms offer large cedar doors that open up onto the lawn. There is one smaller room located upstairs which offers a perfect location for little ones, with two twin beds.

Adjoining the main homestead is a guesthouse that is fully self-contained. It contains two additional bedrooms, as well as its own kitchen, dining and lounge. There is internal and external access to both the main homestead and the guesthouse.

## **GROUND S**

Our garden can hold up to 80 guests for your event. The lawn offers a protected area that can be used for a marquee, or for smaller weddings or functions you can choose to simply use the 90 squares metre lounge area. The house also boasts the luxury of an outdoor hot tub with a lake view.

## **LOCATION**

Lake Hawea View is situated only a stones throw from Lake Hawea, a beautiful lake away from the hustle and bustle of Lake Wanaka. Wanaka is only a short drive away where you can enjoy shopping, restaurants, cafes and winery's. Just a short trip over the hill will take you to Queenstown.

# terms & conditions

- Maximum number of overnight guests is 12. Maximum number of events guest is 80 people
- We have a no smoking rule both inside and outside the property. There is a high fire danger in and around the area
- Any furniture moved from its original position needs to be returned to its position before check out
- Any used kitchen appliances or glassware needs to be cleaned and storage back in the boxes or original place
- If you have more than 32 guests (including those staying at the property) attending the event we require you to organise commercial transport to and from the property using a bus or multiple mini-vans. There is not enough parking for more than 32 guests and the road is composed of loose gravel and relatively steep. This is the safest option for you, your event guests and for us
- When booking Lake Hawea View during the Christmas & New Years period there will be an additional fee
- When booking Lake Hawea View as an accommodation or for an event over the period of May-October we require all guests to use a 4WD-vehicle to drive up to the property due to unexpected snowy or icy conditions on the gravel road leading up to the property
- All event rubbish/non recyclables must be taken away from the property before check out. It is a requirement that you sort your own recycling in the three large available bins (glass/plastic/cardboard). We will take care of the removable of all recyclable items. If the amount of recycling is over an above what can be contained in the bins provided, it is up to you to clear the excess from the property prior to check out. For removal of all event rubbish we recommend using Wanaka Wastebusters
- A week prior to the event a \$2000 NZD deposit will be requested to the guests which will be refunded within 7 days after the booking if the property and it's amenities are all in original state.
- We have a noise cut off of 11 PM for all events and we require an official third party to attend the event, that can act as our safeguard and ensure the above terms and conditions are adhered to. The third party needs to make contact with us prior to the event and communicate once the event has finished on the day or evening of the event
- Prior to the event a terms & conditions contract will be signed between the two parties
- In order to ensure the above terms and conditions are met; Lake Hawea View will provide a staff member to inspect the property on the day of the wedding (at an agreed time) once all the event infrastructure has been set up. The same staff member will return the day after the event/wedding when all infrastructure has been cleared to inspect the property.
